Objective: Obtain a full-time 2020 summer internship in the field of Computer Science

---

Education: **Stevens Institute of Technology**, Hoboken, New Jersey
Bachelors degree in Computer Science, Minor in Entrepreneurship
Graduating May 2021
GPA: 3.2

Major Subjects: Introduction to Web Development, Data Structures, Algorithms, Automata, Software Development Process, Systems Programming, IT Security, Concurrent Programming, Web Programming I & II, Database Management Systems

Honors: Edwin A. Stevens Scholarship

Languages: C/C++, Java, HTML, CSS, Node.js, Javascript, Python, MongoDB, React

Softwares: Amazon Web Services, Microsoft Office, Android Studio, Google Cloud Platform, Ubuntu, QRadar, Encase, Rapid7, MySQL, Git

Operating Systems: Windows, Mac, Linux

Technical Experience:

Tapestry Inc. New York City

IT Information Security Internship   **May 2019 - Present**

- Focused on IBM Software QRadar and the manipulation/verification of source logs received from various Tapestry servers.
- Worked closely with the networks team and aided in the setup and deployment of new servers
- Aided in PCI Compliance Preparations and finding vulnerabilities in specific servers.
- Finalist for the Internship Case Study Initiative.
    - Created a functioning front end website incorporating Google maps API, and form validation to allow for easier accessibility on HR projects and organization of data.
    - Using previous technologies, developed and deployed HTML pages for the company's new corporate website.

Relevant Experience:

JP Morgan Chase Code For Good Hackathon   **September 2019**

- 24 hour hackathon where each group was assigned a non profit organization and was given a challenge statement. Based on the statement, figure out a way to solve their issues via technology
- Using React/web api we created a website for the nonprofit "ShatterProof". The website featured a forum, login authentication, random rendering challenge board, a real time social media feed, an "experience" bar to gamify the site, and basic google location api for an event finder.

Activities: Stevens Computer Science Club, Stevens Ultimate frisbee, Phi Sigma Kappa Fraternity Vice President, Stevens Computer and Console Gaming Society
